Sewing, threads, collage, contemporary, traditional, play

Create a Coastal WETLANDS Quilt.

Coastal Threads Art Prize 2019

The prize accepts entries for this 30cm x 30cm art quilt representing any use of fibre, threads & textiles and encourages the artist to explore traditional twists and non-traditional practices.

Let your imagination run wild with ideas of the coastal inland waterways and wetlands filled with life...

Wetlands are a critical part of our natural environment.

They protect our shores from wave action, reduce the impacts of floods, absorb pollutants and improve water quality.

They provide habitat for animals and plants and many contain a wide diversity of life, supporting plants and animals that are found nowhere else.
